

March 12, 2021

Dear family and friends of Sunrise:

In order for Sunrise to conduct visiting, we must be sure all visitors are adhering to the Core Principles of COVID-19 Infection Prevention, as noted in the Center for Medicare and Medicaid Services' regulation (listed in the Revised March 10, 2021 CMS Nursing Home Visitation QSO-20-39-NH and posted on <https://sunriseretirement.com/covid-19-update/>). These principles are incorporated into the policy that Sunrise has developed below. We ask for our visitor's active participation with the policy so that we are able to provide all of our residents with this life enriching opportunity.

(Policy Updated as of March 11, 2021)
